"Better the rudest work that tells a story or records a fact, than the richest without meaning."

Robert W. Kochenour, B. S., M. A.
Shippensburg State Teachers College
Columbia University
Supervising Principal

To the Graduates of 1956:

It is entirely fitting that you, the graduating class of 1956, should build this annual around the advantages of the new high school building. You have, in a very real sense, lived through one of the greatest periods of change in our history. Most of you were born at a time when the clouds of oppression had put out many of the lights on the Continent and the storm clouds hovered over our own fair land threatening to cause our society to enter what could have been a Dark Age beyond comparison in recorded history.

While there have since been storm warnings, there are many signs that we are entering upon a new day of enlightenment and prosperity. Like Grofé we ought properly to be thrilled at the signs of dawn of this new era of progress.

You have seen the one-room school pass from the educational scene. Like those of us of an older age group you ought to hold fast the fond memories of that institution, but all of us should remain open-minded and accept the advantages of the new.

Not only does it appear that progress is a function of time (i. e. $p = f[t]$), but it now appears that the slope of the graph of that function is constantly increasing. In other words, it seems that not only should we continue to make progress, but that we can make it at an ever-increasing rate.

Quite likely in your time several educational issues will be decided. Some of these are likely to be: the establishment of a kindergarten, education for those who have formally left school, extension upward of high school to include at least one and possibly two additional years, or the establishment of a regional junior college.

You are to be congratulated upon your achieving what was at one time reserved for only the select few — high school graduation. It is to be hoped that your experiences in our public schools have convinced you of their worth, and, that as you take up your adult roles in your community, you will always vote in favor of progress as you see it after mature deliberation.

Surely it is not true that what was good enough for us is good enough for our children. We ought always to endeavor to give them a better world than the one we inherited. This can be done only by much hard work, but it is surely not impossible for a nation that is accustomed to hard work.

Because this is the first year we have occupied the beautiful new Fannett-Metal Junior-Senior High School, and because we are the first class to graduate from it, we have selected **THE BUILDERS** as our theme for the yearbook. This year our yearbook differs from previous ones in that we begin with the foundation, the administration, and show how our school develops through the activities, the underclassmen, and then into the finished product, the Seniors.

How fortunate for us, to live in a community which is interested in the educational development of youth. The young person who does not take advantage of an education today, may find himself a failure tomorrow. He must now meet the keenest competition which the world has ever known.

There is a new awareness on the part of schoolbuilders that pupils learn with their hearts, as well as their heads. Unless functionalism is combined with beauty, an important educational opportunity has been missed. Modern design now dominates the field of construction.

During our twelve years in school, we have been "building." Our building is not of mortar and stone and wood: it is a temple of knowledge.

As we end our twelfth year, the main part of our building is finished; but we will continue to add rooms and sections, whether in another school, on a farm, in a home, or in the armed forces. Whatever we do, wherever we go, our "Building" shall continue to grow.

We, the builders, are fortunate to be the first class graduating from the new high school. We have helped to build scientifically, musically, and dramatically, for we have had class members in these activities. We have built from one step to another. Each adds a more secure foundation. Success of life depends not on the accomplishment of one year, nor on the accomplishment of one class; but on a composite of all of them. I hope that when we have finally finished, it can be said of each of us, "He builded better than he knew."

Library Club

The library of the new Fannett-Metal High School opened its facilities to the students and teachers on December 6, 1955, with Mrs. Campbell and Mrs. Shoop as librarians.

There are two regular library periods every day, with irregular periods frequently scheduled. The main library can seat forty-two. There is a conference room and also a stack room equipped with everything necessary to repair books.

The school purchased approximately two hundred new books this year. We have twenty-one current magazines in the library. There are five volumes of encyclopedias. Among them are the Encyclopedia Britannica, Britannica Junior, and the new Collier's Encyclopedia.

We hope to have a large library club organized later, but to date there are only two student librarians, Barbara Besecker and Agnes Fleagle.

The Junior and Senior High School Mixed Chorus is composed of eighty energetic girls and boys who promise to make a very commendable organization for the high school.

This year the girls and boys succeeded in upholding the reputation of the Mixed Chorus by presenting programs at P. T. A. Meetings. In the month of March the Chorus attended the County Music Festival which was held at the Saint Thomas High School building. The Chorus presented songs between acts for entertainment at the Dramatic Club play. The outstanding activities for the year were the preparation of the Christmas Pageant and a Spring Concert.

Under the capable direction of Miss Betty Shearer, the Chorus has done outstanding work.

Members of the chorus attended the County Festival at Quincy in March, 1955, and some plan to be present at the County Festival at the St. Thomas School in 1956.

Senior Band

Since last year the band has become an active organization.

During the summer vacation the band appeared at Memorial Day parades in Orrstown, Newburg, Shippensburg, and Concord. They also took part in the McConnellsburg Labor Day Parade. They provided entertainment for festivals and the Annual Path Valley Picnic.

In the October assembly the band rendered their first music in the new auditorium. It plans to present several concerts on various occasions during the year. The County Band Festival will be held in our school this year. Our band will be host and Dr. James Thermond from Lebanon Valley College will be guest conductor.

Recently we received news that James Park and Martha Wineman were chosen to represent our school band at District Band in March 1956.

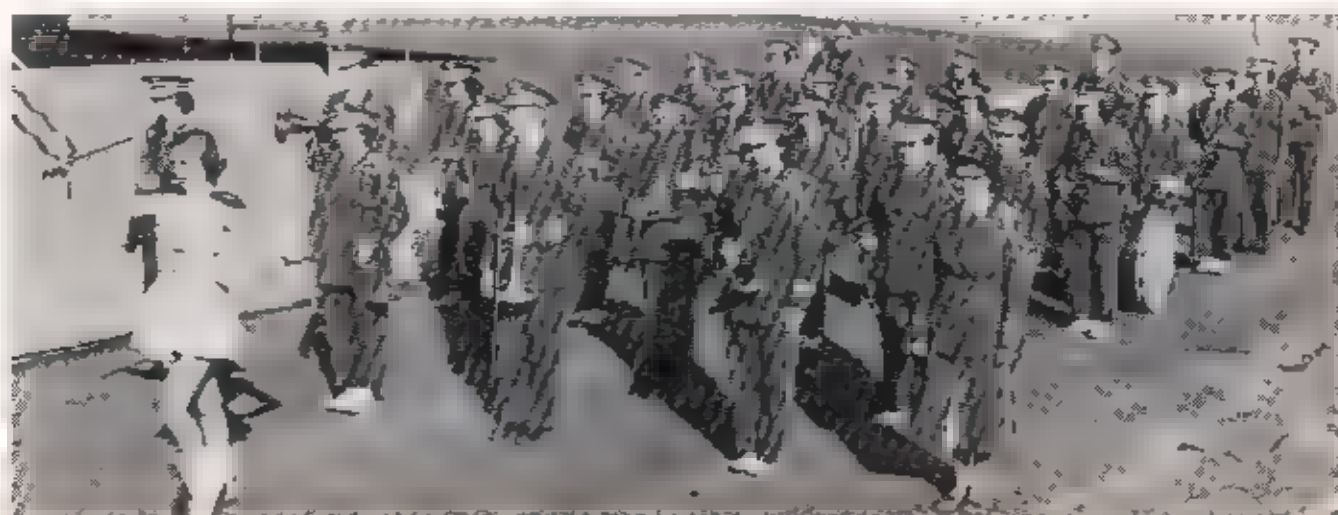

With such considerable progress, not only musically but financially, the band has purchased citation cords for all members and five additional uniforms.

Last October James Park was chosen to play in the National F. F. A. Band in Kansas City.

During our four years in Dramatic Club, the present Senior Class has been very outstanding.

Four one-act plays were produced in our freshman year: "Billy's First Date" with Beverly Gallagher, David Junkin, and Diane Parker; "Everything Nice" with Dolores Briggs; "Why I Am a Bachelor" with Jane Stewart; "For the Love of Allah" with Marcia Varner.

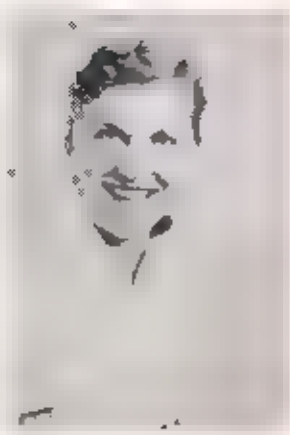

In our Sophomore year, "January Thaw" was the chief dramatic production. Jane Stewart had the leading role of Marge Gage, while Beverly Gallagher, Joan Mort, Marcia Varner, and Ralph Thompson had supporting roles.

In our Junior year we appeared in our first murder mystery, The Night of January 16th. In this play Lynn McCurdy portrayed the character of Mr. John G. Whitfield, whom many people thought was the murderer. Jane Stewart portrayed the character of Karen Andre, who was on trial for her life. Marcia Varner very capably enacted the role of the Defense lawyer. Supporting characters were Beverly Gallagher, Dolores Briggs, Darlene Umbrell, and Ralph Thompson.

Our club officers for the present year are:

President	Jane Stewart
Secretary	Joyce Campbell
Treasurer	Dolores Briggs
Publicity Scouts	Martha Wineman, James Park
Director	Mrs. Raymond Shoop

The Dramatic Club furnished choral reading for the Christmas Pageant. Our three-act play will be given in the spring, and we plan to take a play to Forensics. "Father Knows Best" is our school play which is going to be held March 15 and 16.

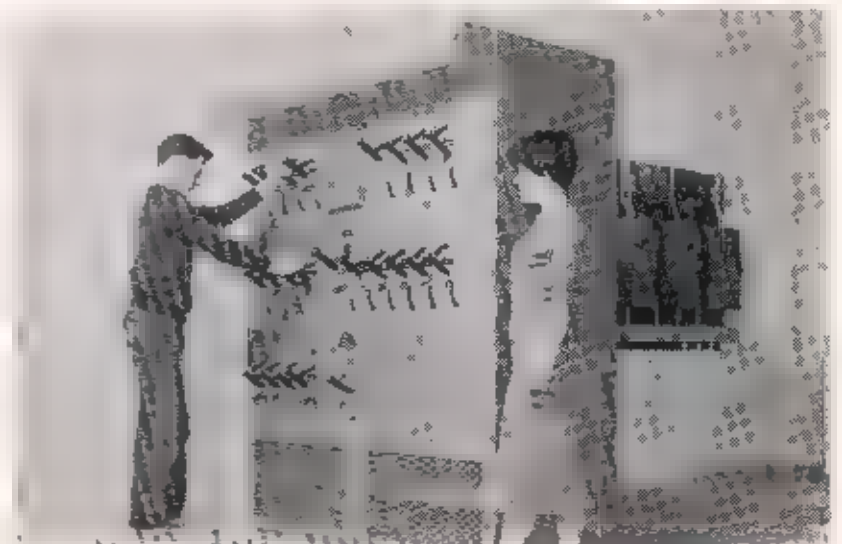

Forensics

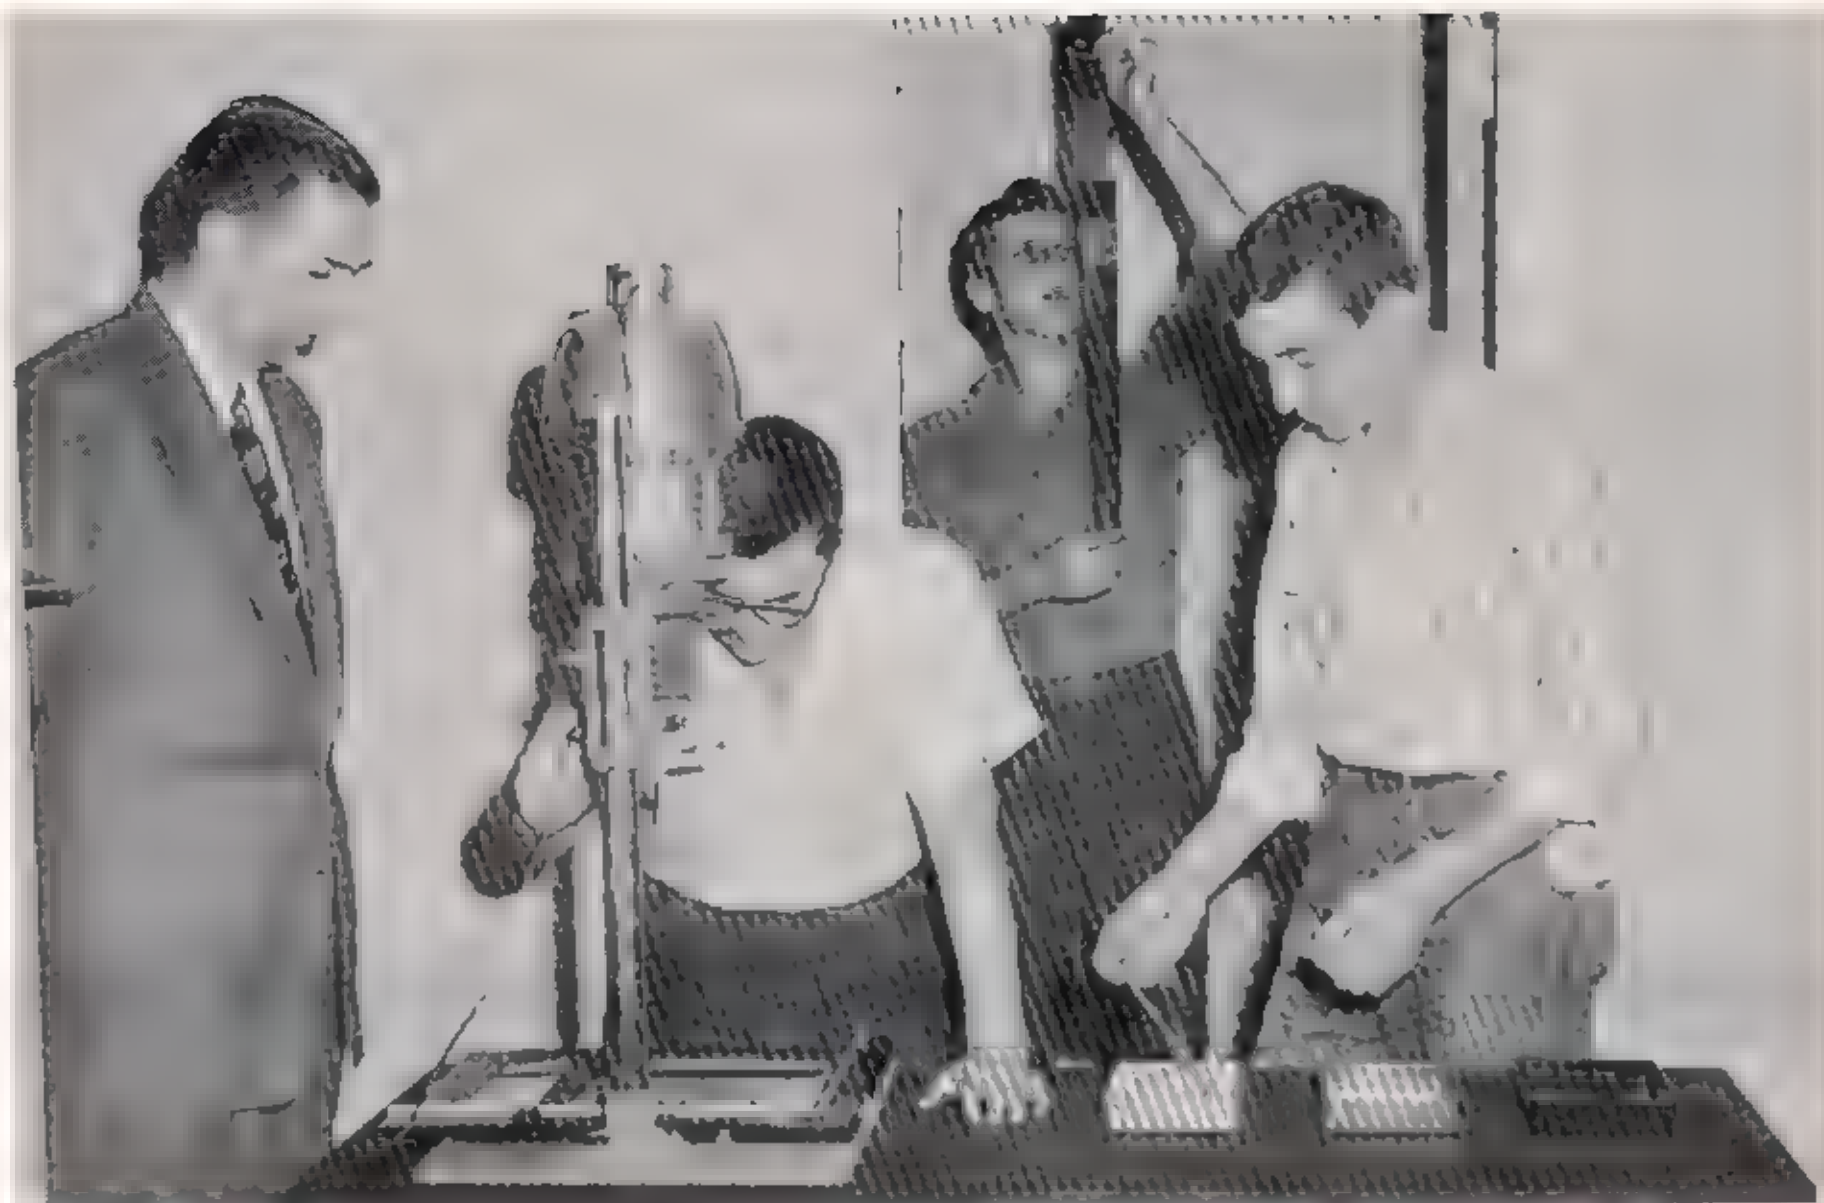

The purpose of Forensics is to provide constructive motivation for speech activities in our high school. Each year the pupils are more and more enthusiastic about Forensics.

Last year in the Franklin County contest, held at Shippensburg State Teachers College, the entire group returned victoriously. The contestants were:

Jane Stewart	Serious Declamation
Joan Mort	Original Oration
Darlene Umbrell	Radio Speaking
Martha Wineman	Shakespeare Reading
Agnes Fleagle	Poetry Reading

At District held in the William Penn High School at Harrisburg, two received Superior ratings: Joan Mort in Original Oration and Jane Stewart in Serious Declamation. These Superior ratings enabled the Contestants to continue to the State Contest held at York. Here they competed with contestants from every section of Pennsylvania. Joan placed third and Jane placed second. The coach, Mrs. Shoop, was very much pleased with the final ratings because of the keen competition which the girls had.

Photography

Mr. Kochenour, Thaddeus Book, Paul Walls, Robert Piper.

This being the second year for the Senior Photography Club, the club has advanced their knowledge of photography a great deal. With Mr. Kochenour as the adviser of their projects, they worked hard and long to increase their skill.

The Senior Photography Club is also doing a great deal of work on the year book this year.

At the beginning of the year the school equipped the Photography Club with a new 16 mm Motion Picture Camera, a Speed Graphic, a Polaroid 80, and a Weston Master Exposure Meter.

The Club finds the Photography work very interesting and enjoyable.

Officers of the Club are:

President	Robert Piper
Vice President	Rhea Miller
Secretary-Treasurer	Marcia Varner

Our group went to the South Mountain Fair and the State Farm Show this year. Six boys from our organization went to the State F. F. A. Convention at Pennsylvania State University this past summer. Jim Park was a member of the State Band, and William Campbell participated in the State Chorus.

Jim Park attended the National F. F. A. Convention at Kansas City as a member of the National F. F. A. Band. He will be playing in the State Band at the 1956 Farm Show.

Since Jim Park was selected from various schools to represent this district in the National F. F. A. Band, we thought he should be accorded a space in our yearbook to tell of his eventful trip.

"In August I received a letter from Pennsylvania State University informing me that I had been elected to participate in the National F. F. A. Band at Kansas City in October. I was gloriously happy, to put it mildly. Ever since I had known of this event, it had been my ambition to become a part of it. Every hour I have spent in arduous practice, I now look upon, not as a tedious thing that had to be done, but as a privilege.

"The trip to Kansas City was a grand climax to all I had done before. The weather was ideal. We worked, played, and performed for thousands of people and took part in the American Royal Ball and Parade. We saw many historical sights on the way and in and around Kansas City. Several industries gave banquets for us. We listened to speeches by Ezra Benson and Harold Stassen. Our convention was honored to have Eddie Fisher and his wife, Debbie Reynolds, sing for us.

"Future Farmers were in Kansas City from the 48 states, Hawaii, and Puerto Rico.

"I hope my experience will inspire other boys in our school to reach for the same goal and be benefited by it as much as I have been.

"I am grateful to all concerned, who helped make this possible. To the School Band, to my teachers, to all my band directors, especially Dr. Bunner, and above all, to my parents who sacrificed at times to give me my horn and my lessons."

Bottom Row: Patricia Hammond, Connie Arnold, Martha Wineman, Barbara McAllen, Diane Parker, Marcia Varner, Vonnice Arnold

This is the first year that hockey has been a part of our school curriculum. The team practiced diligently for many hours after school with the assistance of Mrs. Kochenour, a very capable and qualified coach.

The team went to Penn Hall and to Wilson College several times to watch experienced players.

Our hockey team played six games this season: two with Greencastle and Scotland; one with Penn Hall; and finally Shippensburg, which we won with a 4 to 1 victory.

Diane Parker was elected captain of the team.

Positions were played as follows:

Barbara McAllen	G	Martha Wineman	RIF
Virginia Goshorn	LFB	Wanda Simpson	LIF
Agnes Fleagle	RFB	Connie Arnold	RW
Grace Bryan	RHB	Vonnice Arnold	LW
Kay Carlin	CHB	Beverly Gallagher	LHB
Diane Parker	CF		

Substitutes were Louise Linn, Patricia Hammond, and Marcia Varner.

Varsity Basketball

Regular: Rhea Miller, F.; Robert Bricker, F.; Ed Rosenberry, C.; Jim Peterson, G.; Gray Hockenberry, G.
 Substitutes: Larry Adams, Jim Park, David Seibert, Robert Piper, Richard Miller, Richard Hurley.

At the beginning of this year, the students of Fannett-Metal High School were offered several new sports. Among these was basketball. Hired to coach this new sport was Mr. Keith Hess, a graduate of Shepherd College. Mr. Hess, our very capable instructor, holds several scoring records for his college and played semi-pro basketball.

Mr. Hess made his first call for tryouts on November 1, and received fifteen candidates for the Varsity team and fifteen candidates for the Junior Varsity. Later this squad was cut down to nine Varsity players and eleven Junior Varsity. We can't expect our team to do much this year, but with the good material in the Junior Varsity, and the enthusiasm of the children in the elementary grades, in a few years we will have a champion team.

Junior Varsity Basketball

Regular: Richard Miller, F.; Norman Curfman, F.; John Semple, C.; George Guyer, G.; Richard Hurley, G.
 Substitutes: Philip Hammond, Larry McGee, Norman Locke, John Stewart, Alex Shearer, Larry Shearer.

Fannett-Metal had a very successful season in soccer this year by winning six games, tying two, losing two, and finishing in second position.

Mr. Stewart, our coach, is improving his team more every year. He will probably have a first-place team next year, although the loss of several senior players will hamper him considerably.

Student Council

Left to Right around the table: Eddie McAllen, Charles Maxwell, John Stewart, Harold Goshorn, Ed Roseberry, Darlene Umbrell, Mr. Kochenour, Rhea Miller, Jane Crider, Sally McClure, Kay Carlin, Beverly McGee, Sam Crider, Velma Campbell, Jane Kling.

The purpose of the Student Council is to foster harmonious relations between the faculty and the students, to give the students a voice in managing their affairs, and to train them to take their places as adult citizens in their community.

At the beginning of this year, we reorganized the Student Council with representatives from all grades of the Junior-Senior High School. There are four representatives from the senior class, three from the juniors, two from the sophomores, one from the freshmen class, and one member from the seventh and eighth grades.

The Student Council sells ice-cream during the lunch period as a means of making money to provide entertainment and recreation, such as games, assemblies, and movies. At the end of the school year, the Student Council sponsors a picnic at Cowan's Gap for the entire student body and faculty.

A chemistry class performs experiments in a well-equipped laboratory under the direction of Mr. Robert Stewart.

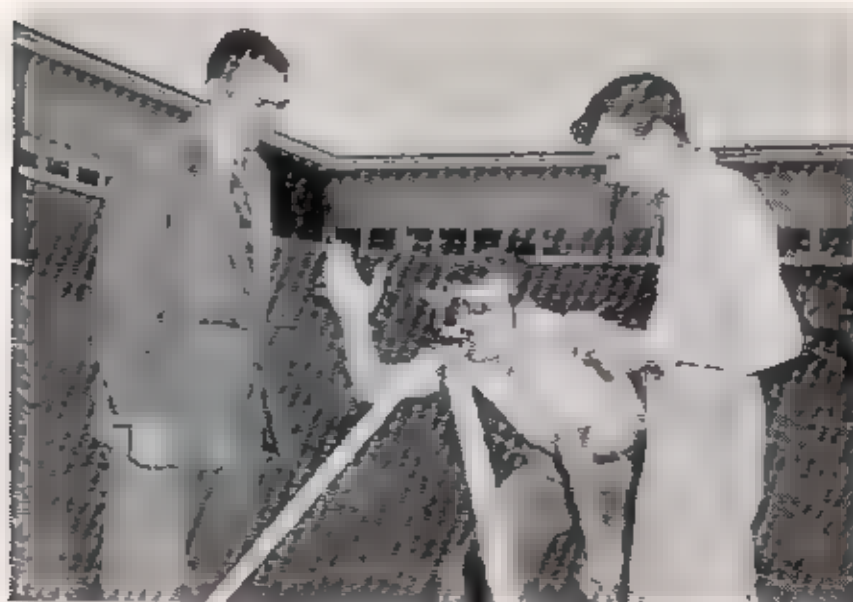

Commercial students are prepared to become future secretaries and bookkeepers, while all students learn typing for their own needs.

Driver Education

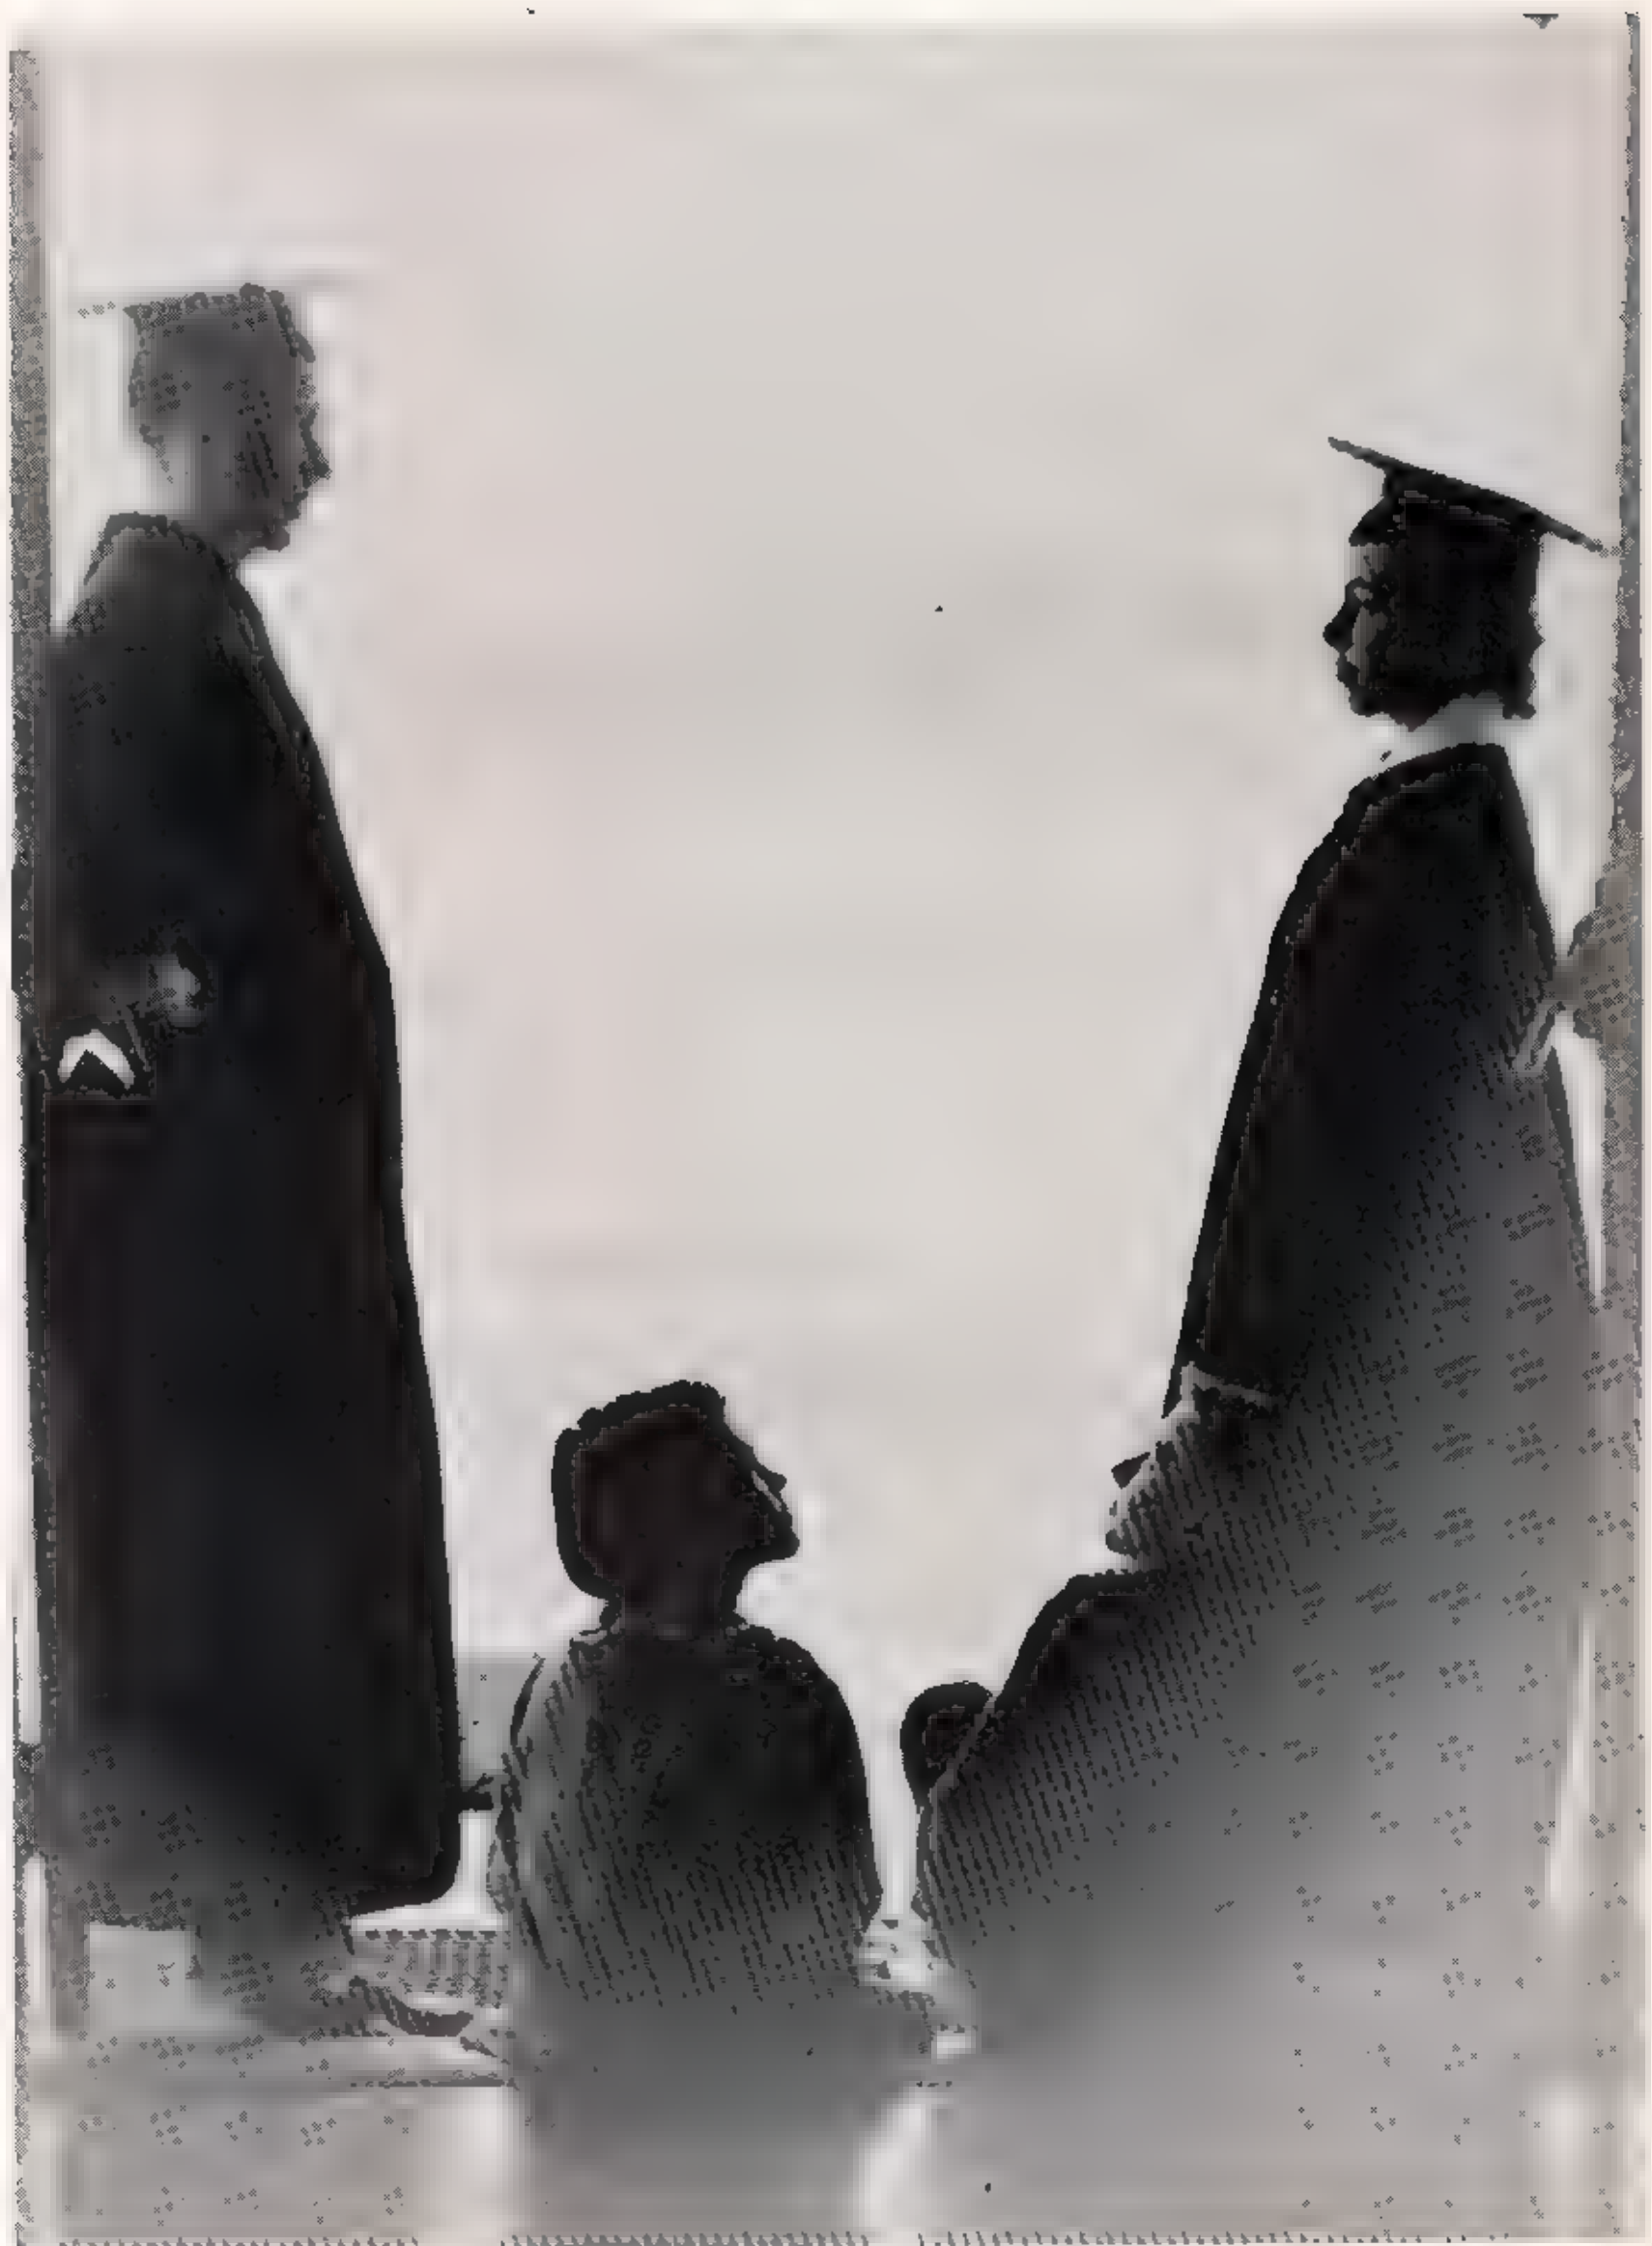

Driver Education is offered as a required subject for sophomores and juniors. The car is furnished through the courtesy of the Chambersburg Ford Company.

Surveying

Mr. Kochenour, Lynn McCurdy, Rhea Miller.

A group of senior mathematic students are here shown using their new surveying equipment to lay out a girls' hockey field.

On the way home we ate at one of the Howard Johnson's restaurants. All of the expenses, including those of our chaperones, were paid from our class treasury.

We had a roller skating party October 14, 1955.

We are looking forward to participating in many new and varied activities this coming year.

On September 6, 1955, thirty "Jolly Juniors" entered the door of the new Fannett-Metal High School Building. Mrs. Shoop was appointed our homeroom adviser, and our homeroom was Room One.

At our first class meeting these officers were elected:

President	James Park

Treasurer	Agnes Fleagle

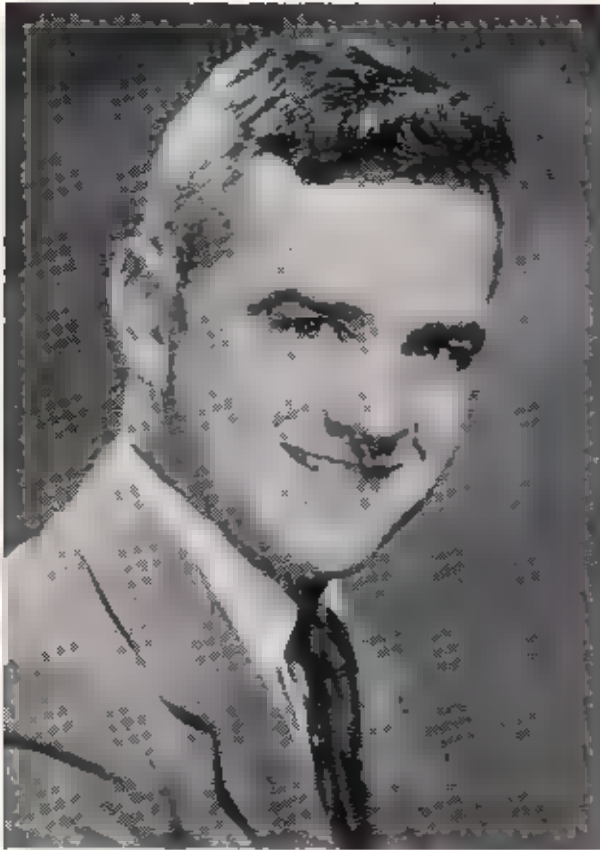

Edwin Rosenberry, Samuel Crider, and Kay Carlin were elected as student council representatives.

We have 7 members in the Band, 8 members in Mixed Chorus, 3 members in Girls' Chorus, and 5 members in the Dramatic Club.

Our class is also honored to have Martha Wineman as the Band's majorette and as a cheerleader.

Our project for the fall was selling Christmas cards. On November 10th, our class had a Card Party. Unfortunately it was the first snow storm and not too many people were here, but all had a wonderful time. We intend to have a similar party for Valentine's Day.

History of the Class of 1956

Freshmen

When school started in the fall of 1952, the class of 1956 was divided, one section at Dry Run, the other at Fannettsburg. Fifty-four students came to school as freshmen.

Rhea Miller was the class president at Dry Run, and Mr. Kochenour was our class adviser. Joan Mort was the class president at Fannettsburg with Mr. Blackburn as the class adviser.

Sophomores

The class of '56 was now one class and soon began to operate as one compact group.

We met on September 29, 1953, and elected class officers as follows:

President _____ Shirley Smith
Vice-President _____ Darlene Umbrell
Secretary _____ Dolores Briggs
Treasurer _____ Rhea Miller
Historian _____ Jane Crider

To represent our class in the Student Council we elected another member, Darlene Umbrell. The present members were Rhea Miller and Marlene Umbrell.

Our class had a Roller Skating Party at Blue Mountain Roller Rink, November 13, 1953.

On January 11, 1954, we attended the Pennsylvania Farm Show with the Junior Class and F. F. A.

Juniors

On August 30, 1954, the class of 47 members returned to school. Our class adviser that year was Mrs. Shoop.

We elected our class officers as follows:
President _____ Joan Mort
Vice-President _____ Harold Goshorn
Secretary _____ Jane Stewart

Treasurer _____ Larry Adams
Historian _____ Joyce Campbell

In January we attended the Farm Show at Harrisburg as a reward for getting the highest attendance the first half year.

The class voted to have a Roller Skating Party January 28, 1955, at Roxbury.

In April we took a trip to Hershey because we won the attendance banner for the last half of the year. Because Hershey Park was closed, we went to Willow Mill Park, then we visited the Hershey Chocolate Plant, the Carlisle Police Barricks, and Indian Echo Cave. We had a nice time although the day was warm and the bus was crowded.

May 6, 1955, we sponsored a banquet for the Senior Class of 1955 at College Inn, Chambersburg. We all had a very enjoyable evening.

Seniors

On August 30, 1955, 47 Seniors had the exciting first day in the new Fannett-Metal High School. Mr. Shearer was our class adviser.

Our class officers are as follows:

President _____ Rhea Miller
Vice-President _____ Jane Stewart
Secretary _____ Jane Crider
Treasurer _____ Diane Parker
Historian _____ Joyce Campbell

It is now February. The Yearbook is almost ready to go to the press. We, the Yearbook Staff, are looking forward to a guided tour through the Craft Press Building. Also, on our agenda for the last few months of our stay at the new Fannett-Metal High School Building is our Junior-Senior Banquet, another successful baseball season, our very popular school picnic, Baccalaureate service and the long awaited event, Graduation.
